

RCNC PRESENTS:

FAMILY SUPPORT GROUP

Tuesdays at 7 PM

Education

Peer Support

Advocacy

Do you love someone
struggling with drug
and/or alcohol
addiction?

The Family Support Program provides education, support and resources for those who are caring for someone with a substance use disorder. There is no need to feel alone while navigating the system or the emotions that accompany this illness. This group offers a time and space for family members, friends and allies to get together, talk, connect, support and problem solve.
